LUXURY FOR EVERYDAY LIVING

Berkshire Classic
Premium Vinyl Siding

NEW ARCHITECTURAL COLORS!
Performance-Engineered for Superior Strength

The superb construction of Berkshire Classic sets it apart. Beginning with a heavy-duty .044" panel thickness, this powerfully built siding boasts a rolled nail hem and deep 5/8" butt height for superior strength and rigidity. An innovative grip-tight PowerLok™ locking system tightly secures each panel in place, further ensuring outstanding structural integrity and wind resistance. Together, these design enhancements deliver exceptionally straight, smooth walls that are protective and strong.

BUILT TOUGH FROM THE INSIDE OUT

With simplicity and ease, Berkshire Classic beautifully captures the elegant detail and timeless appeal of a freshly painted wood finish. But take a closer look and you’ll see substantial structural upgrades that help Berkshire Classic achieve style and strength beyond ordinary vinyl siding.

Rolled Nail Hem

Berkshire Classic is fortified with a rolled nail hem for extra-strong wall attachment. In laboratory tests simulating hurricane-force wind conditions, Berkshire Classic withstood windloads up to 199 mph.†

PowerLok Infrastructure Technology

The PowerLok locking system works double time – reinforcing the rigidity of the siding and keeping panels secured firmly together for crisp, clean wall lines and a markedly superior installation.

Durable .044” Panel Thickness

Handsome crafted with a rugged .044” panel thickness, Berkshire Classic promises enduring protection and beauty for your home. The low-gloss finish and subtle hardwood texture will stand up strong to harsh weather and keep its luxurious appearance year after year with very little upkeep!

Extra-Deep 5/8” Butt Height

You may not realize it, but the siding’s butt height creates shadow lines that add dimension and style to a home. The deeper the butt height, the more dramatic the shadow lines appear. Berkshire Classic’s generously proportioned 5/8” butt height will convey the perfect measure of beauty and refinement, while also fortifying the integrity and strength of the siding.
American pride and innovation. Superior products and happy customers. Knowing what needs to be done – and doing it better than anyone else. That’s the legacy of Revere Building Products.

With more than 50 years of industry expertise, Revere is the brand homeowners trust for outstanding craftsmanship, distinctive designs, rich colors and lasting performance. Our products turn ordinary houses into cherished homes. When it comes to choosing genuine quality and value, you can depend on Revere for the perfect finish.

Choose from a variety of classic profile designs to achieve your ideal finished look. 8” Clapboard is available in Snow White only.
Built for Today’s Lifestyle

Built with lasting beauty in mind, Berkshire Classic’s superior strength and easy-care features make it an ideal selection for your home. Durable and dent-resistant, each panel is solid vinyl color through and through, so it won’t chip, flake and blister like painted surfaces. And unlike wood, it won’t rot and warp due to moisture. Your home will maintain its fresh-looking finish despite exposure to harsh weather and other destructive elements.

Easy Care, Easy Clean

Berkshire Classic will dramatically reduce your exterior maintenance because it never needs to be painted. You can forget about dangerous ladders or time-consuming upkeep. An occasional rinse with a garden hose will remove most airborne dust and dirt to help keep your home looking like new.

Investing in Your Future

When you think about it, your home may be your single most important investment, so it’s wise to safeguard its appearance and value. Berkshire Classic vinyl siding not only will create an enjoyable, worry-free exterior, it will heighten your home’s curb appeal as well. And in today’s resale market, a beautiful, low-maintenance finish can greatly enhance the value of your home.

Siding with Perfection

Perfection? It’s never too much to ask. Our Color Clear Through® system makes it easy to find the perfect color match for your exterior design. This exclusive selection of customer-preferred colors ensures that all Revere products – siding, soffit, fascia, trim and rainware – will beautifully match throughout our vinyl, aluminum and steel product lines.

Color Classics By Revere 

Environmentally friendly 

A sustainable material with a long service life, Revere vinyl siding provides both environmental and economical benefits. Vinyl siding’s installed cost is typically lower than fiber cement, stucco, brick or stone and also has the advantage of simple upkeep. It never requires painting, staining or sealing and can be cleaned with mild soap and water, thus lowering maintenance costs and ensuring it does not release harmful solvents into the environment.

Vinyl siding also helps conserve natural resources often used for building materials, such as cedar and other wood, and is rated better than brick and fiber cement for overall environmental impact, according to Building for Environmental and Economic Sustainability (BEES) studies. Because of vinyl siding’s modest energy use in manufacturing and reduced transportation impact due to its lighter weight, it contributes significantly less to global warming than many other siding products, including brick and fiber cement.

Vinyl siding is friendlier to the environment than brick and fiber cement in five ways!

1. LOWER overall environmental impact
2. BETTER sustainability and economic performance
3. LESS embodied energy required
4. LOWER global warming potential
5. LESS ecological toxicity

Featuring richer, darker colors

Fortified with ChromaTrue® fade-defying technology, Berkshire Classic vinyl siding carries a lifetime limited warranty against fading. See printed warranty for complete details.
PUT YOUR HOME IN OUR TRUSTED HANDS

Revere delivers the confidence and value only a true leader can provide. We proudly stand behind our products with the full faith of our more than 50 years of expertise and some of the strongest warranties in the industry. Our voluntary participation in rigorous certifications and independent testing are further assurance you have made an excellent selection for your home.

A LIFETIME OF PROTECTION

Berkshire Classic vinyl siding is backed by a lifetime limited, non-prorated, transferable warranty including lifetime fade and 50 year hail protection. For complete warranty information, including limitations, ask your dealer for a copy of the Berkshire Classic vinyl siding warranty.

INDEPENDENTLY TESTED AND CERTIFIED

As tested in an independent program sponsored by the Vinyl Siding Institute, Berkshire Classic vinyl siding has earned ASTM D3679 certification, the industry’s highest standard for quality.

DETAILS THAT MAKE THE DIFFERENCE
